### Experience

#### Digital NEST, Frontend Developer Intern

Aug 2023 – present

Central Valley-based Web and Graphic Design Nonprofit

- ❖ Coordinated with clients in education and recreational industries to produce, develop, and maintain websites using WordPress, JavaScript, and PHP, helping boost overall page visits by 200% and user bounce rates by 56%
- ❖ Delegated development workloads on Asana, GitHub, and Figma; Developed a dynamic feature map for ParkRX MC  
*JavaScript / jQuery / WordPress / PHP / React / TypeScript / NodeJS*

#### Catalyze SV, Frontend Web Developer

Jun – Sep 2023

Property Development Organization

- ❖ Developed a JavaScript-sorted filter menu that easily locates nearby projects, which tripled incoming site traffic
- ❖ Strategized with backend developers to query data from the Shape SV database and resolve CORS security issues  
*JavaScript / Wix Velo / HTML / CSS*

#### Gilroy Hacks, Co-Founder, Event Director

Jan 2022 – Jun 2023

Student-led High School Hackathon operated under Hack Club, a 501(c)(3) nonprofit

- ❖ Directed event logistics and outreach for 2 hackathons that served 50+ middle and high school students
- ❖ Led 25+ team meetings and raised \$2,000+ to fund prizes and swag; Designed/built website from scratch  
*JavaScript / HTML / CSS*

### Education

#### UC Berkeley

Aug 2024 – TBD

B.A. Data Science

- ❖ Domain Emphasis (planned): Applied Mathematics and Modeling
- ❖ Coursework (planned): Data Structures, Probability & Random Processes, AI/ML, Linear Modeling, Natural Language Processing, Deep Neural Networks, Optimization Models

#### Gavilan College, Dual Enrollment with High School

Aug 2019 – May 2023

A.S. Computer Programming, A.A. Natural Science, A.A. Multiple Subjects

- ❖ Coursework: C++, C# .NET, HTML, Java, Python, Unix/Linux, Assembly Language, R Programming, Discrete Math, Calculus, Statistics, Linear Algebra, Differential Equations

### Projects

#### Internal bizzNEST Career Harvest Internship Database

Apr 2024 – present

Job Repository that Filters Relevant Internship Opportunities for Digital NEST Interns

- ❖ Collated 200+ internship listings from LinkedIn, Indeed, and GlassDoor into a filterable search database that connects interns to partner companies  
*React / TypeScript / JavaScript / NodeJS / Docker / SQLite*

#### ParkRX Monterey County Feature Map – [Project Demo](#)

Feb – May 2024

Dynamic Feature Map that Displays Information on Nearby Parks

- ❖ Implemented a search function that filters web-scraped data from more than 150 city/county park websites  
*JavaScript / jQuery / WordPress / PHP / MapBox / NodeJS / Python*

#### American Sign Language (ASL) Recognition ML App – [Project Demo](#)

Jan – Apr 2023

Computer Vision Sign Language Translator using MediaPipe, TensorFlow, Python, and JavaScript

- ❖ Trained a TensorFlow model using 87,000 images NIDCD gesture images that feeds into a CV hand recognition website application, which teaches and translates basic ASL for learners  
*Python / TensorFlow / MediaPipe / JavaScript*

### Additional Info

- ❖ Skills: JavaScript, React, Python, NodeJS, jQuery, TypeScript, GatsbyJS, WordPress, Wix Velo, PHP, GraphQL, SQLite, C++, Docker, Flask, HTML, CSS (SASS), Git, CI/CD, REST API, AJAX, XML
- ❖ Hobbies: Guitarist, Pianist, Photographer, Badminton, VSA
